

Alessandro De Simone

Master in Computer Science

Postal Address : (not shown in web version) • Belgium
Contact : +32 479 / 79 50 82 • alessnet@gmail.com • <http://www.AlessNet.com>
Personal info. : 24 years old • Born on September 22nd, 1984 • Belgian • Single

2002-2008

Studies

Master in Computer Science (*speciality : networking*)
Université Libre de Bruxelles (Brussels)

1996-2002

Secondary School
Collège Saint-Pierre (Jette, Brussels)

Studies

Programming Languages

Building applications using the following technologies :
C#, C/C++, MySQL, Win32, Java, Delphi, PHP, SmallTalk, COBOL, XHTML.

Operating Systems and Software

Practical knowledge of Linux and Microsoft products like Windows (2000, XP, 2003 Server) and Office (Visio, Word, Excel, PowerPoint, Publisher, Access).

Website Management and System Administration

I am webmaster of a website which has the purpose of helping students in their studies (average number of visits per day : 900). I am in charge of installing, configuring and maintaining the Debian GNU Linux server.

Some Personal Projects

I created (with the Win32 API) a small instant messenger compatible with the MSN protocol. I also developed a program to send SMS to mobile phones through Internet.

Significant Activities

2004-2008

Founder and President of a student association named «CandiMed» with the aim of helping students with solutions related to computers.

2006-2007

Assistant Secretary of the «Bureau des Étudiants en Sciences», an association which has the purpose of helping, informing and representing students.

2004-2006

Student representative during 2 years in the Computer Science Department of my University.

Job Experience

August 2006

CEN (*The European Committee for Standardization*)

I worked at the Human Resources department (creating documents, encoding data, ...). (*Student job*)

July 2006

Colgate/Palmolive Belgium

I created a database storing information about dentists. (*Student job*)
